Subject: Conditional Approval of Amended Notice to of Intention to Commence Large Mining Operations, Martin Marietta Materials Company, Milford Quarry, M/001/036, Beaver County, Utah

Dear Mr. Nicholson:

The Division has reviewed your letter dated July 14, 2010, wherein you request to increase the bench height from 25 to 50 feet and to increase the mining area to reflect actual disturbance. According to your letter, these changes will be incorporated into a permit revision that will be submitted by the end of the year.

The Division can approve this proposal in concept, but the following items must be received before granting final approval:

1. Two copies of the complete amendment in a form that it can be inserted into the existing plan. When final approval is issued, one copy will be stamped "approved" and returned to you for your records;
2. Updated reclamation surety in the amount of \$1,735,329.00 to cover the additional areas as identified on your map. Please contact Penny Berry at (801) 538-5291 or pennyberry@utah.gov to obtain the appropriate reclamation surety forms.

Thank you for your cooperation in submitting this preliminary proposal. We look forward to working with you to finalize the amendment. We apologize for the long delay in getting this letter to you. If you have any questions regarding this letter, please contact me at (801) 538-5261 or Tom Munson at (801) 538-5321.

Sincerely,

Paul Baker
Minerals Program Manager
